In the Spotlight: Sussex County, NJ Municipal Utilities Authority: 30 Years of Solid Waste and Recycling

A detailed and comprehensive operation, the SCMUA continuously looks for innovative solutions that will not only make operations more efficient, but also help them to 'be a good neighbor 'and resource to the surrounding communities. [Learn More>](#)

Trailers: Crunching the Numbers

Purchase price is the first and most obvious element of total cost of ownership, but simply glancing at a trailer's price tag might only tell half the story. To really understand a trailer's TCO, businesses need to look beyond the price tag. [Learn More>](#)

Articulated Trucks in the Landfill

With all landfills there are slopes, soft underfoot conditions and weather. Articulated trucks are best suited to work in these challenging conditions. [Learn More>](#)

Roll-offs that work as hard as you do.

Gasification Unlocks the Flexibility of Clean Energy

Gasification is flexible not only to what feedstocks it can use, but also to what end is needed from its conversion process. Clean, renewable electrical generation behind the meter and creation of Class A biosolids are possible through gasification. [Learn More>](#)

Renewable Natural Gas Stakeholders Speak in Mass at Public Hearing, Call on U.S. EPA to Set 2020 Cellulosic Volume that Accounts for All Available RNG

More than two dozen representatives from renewable natural gas (RNG) industry producers, distributors and stakeholders across America spoke at the public hearing in Michigan to provide feedback on 2020 biofuel volumes proposed by the U.S. Environmental Protection Agency (EPA) under the Renewable Fuel Standard (RFS) program. [Learn More>](#)

Bonamici, Young Unveil Next Step to Remove, Prevent Marine Pollution

Representatives Suzanne Bonamici (D-OR) and Don Young (R-AK), Co-Chairs of the House Oceans Caucus, introduced legislation to strengthen efforts to remove and prevent marine debris. [Learn More>](#)

Europe Faces Challenges in Meeting Plastic Bottle Recovery Target

The European recycling industry is going to miss a 2025 target for recycling PET bottles unless there is a reversal of the slowing growth rate in recycling, according to a new study by ICIS. The study also found evidence that bottle-deposit schemes are working better as an incentive than market prices for recycled material. [Learn More>](#)

Groups Announce Historic Coal Ash Cleanup Agreement with Power Plant Polluting Susquehanna River

Four environmental groups announce a historic agreement to reduce toxic pollutants leaking from a power plant's coal ash dumps into groundwater and the Susquehanna River, the largest Chesapeake Bay tributary. [Learn More>](#)

Plastics Industry Association Names Industry and Association Veteran as President and Chief Executive Officer

The Plastics Industry Association (PLASTICS) has named Tony Radoszewski president and chief executive officer effective September 16, 2019. Radoszewski, a plastics industry veteran with nearly 40 years of experience in the field, joins PLASTICS after serving since 2006 as the president of the Plastics Pipe Institute (PPI). Safety 2019 in New Orleans Sets ASSP Records for Popularity

The signature event of the American Society of Safety Professionals (ASSP) continues to grow in popularity. Final numbers from ASSP's Safety 2019 Professional Development Conference and Exposition show that 8,938 people took part in the June event, surpassing the organization's previous record gathering from last year.
