Top Stories [View as Webpage](#)*Voice of the Recycling Industry™***ISRI Shows State Legislators how Recyclers Power America**

The scrap recycling industry is an economic powerhouse that ISRI and its members put on display for more than 2,300 state policymakers in Nashville during the National Conference of State Legislatures (NCSL) Legislative Summit in early August.

[Learn More>](#)**Transfer Trailers: Safety Over the Road**

Transfer trailers are an efficient tool to move waste material and recyclables to distant disposal sites and recycling facilities. Over the road transportation of waste and recyclables requires special care for safe operations. [Learn More>](#)

NWRA'S Efforts Rewarded in FMCSA's Proposed Changes to HOS Rules

The Federal Motor Carrier Safety Administration's (FMCSA) proposed rule to its Hours of Service (HOS) requirements were announced in the Federal Register. The National Waste & Recycling Association (NWRA) supports these changes that would address the industry's concerns ... [Learn More>](#)

CapitalWorks Sells Avon Waste Management Business Chemtron to Kinderhook Industries

CapitalWorks has sold Chemtron Corp., an Avon-based provider of waste management services, to Kinderhook Industries, a New York private equity firm. CapitalWorks acquired the business in 2015 from the Guenther Family. [Learn More>](#)

Craven County, NC Rolling Out New Recycling Program

Craven County officials are rolling out a new curbside recycling program. In the next four or five years, residents in Craven County will get new 95 gallon lime green and black rolling

recycling carts. The county won't start using the carts for pick up until October 7th, so residents can keep what they are using until then. [Learn More>](#)

Butler Township, PA Residents Have Recycled 8 Tons Of Electronics, Hazardous Waste

According to data released by the Butler Township board, nearly eight tons of waste was collected from 126 Butler Township households during the second quarter of the year- including more than five tons of TVs, 470 pounds of computers, 430 pounds of monitors and roughly 1,600 pounds of paint. [Learn More>](#)

Gov. Wolf Announces \$3.8M to Help PFAS-Contaminated Communities in Bucks, Montgomery Counties (PA)

For the past three years, residents of Warminster, Warrington and Horsham have been paying extra on their water bills, adding up to millions of dollars of costs to filter firefighting chemicals from their drinking water. It's been an ongoing frustration and point of contention, and a perceived injustice ... [Learn More>](#)

U.S. Composting Council's 2019 Mentee-Mentor Program Underway

The US Composting Council continues to grow the organics recycling industry with a twelve-pair, 2019 cohort of mentor mentee pairs, the program's fifth year. The program connects mentors with professional business experience in the compost manufacturing and collection industry to participate ... [Learn More>](#)

Waste of Housing: An Florida Atlantic University Student Researches Ways to Turn Plastic into Construction Materials

For the last six years, budding architect and urban planning student Kestride Estil, 24, has researched ways to improve Haiti's waste management and affordable housing problems by making construction material out of plastic and debris leftover from the 2010 earthquake, tackling the two complex problems at once. [Learn More>](#)

2019 Iowa Recycling & Solid Waste Management Conference

One of the Midwest's largest recycling and solid waste management forums is coming this fall to Dubuque, Iowa. The 2019 Iowa Recycling and Solid Waste Management Conference will be held September 30 – October 2, 2019 at Grand Harbor Resort and Grand River Center.
