Waste Dive: Recycling

Weekly edition | Sept. 18, 2019

California legislature wraps session with unprecedented recycling action

Lawmakers may not have taken up a big packaging EPR bill, but they moved on others – including one focused on market development. Check out what passed and what's next.

What's the next recycling boom market? ISRI roundtable weighs in

With China's import volumes continuing to shrink, the overall scrap industry is looking for new destinations. Domestic markets are on the table, but other countries also are being explored.

Are big CPG companies getting serious about reducing plastic packaging?

Nestlé's new research institute will devise more environmentally friendly solutions, and PepsiCo plans to reduce the amount of virgin plastic in its beverage containers by 2025.
