Waste Dive: Recycling

Weekly edition | Sept. 4, 2019

The Recycling Partnership launches tool to simplify recycling for consumers

The new templates, which offer clear images of what can be recycled in order to reduce consumer confusion, are intended to reduce contamination rates.

Apple will allow independent repair businesses to fix its devices

The announcement comes amid growing support for right-to-repair policies, and just a few months after the tech company expanded its authorized repair services to all Best Buy stores.

Bernie Sanders's \$16.3T climate plan promises major waste and recycling shifts

The Democratic presidential candidate's platform includes a national recycling program, divestment from incinerators, funding for food recovery and composting investments, and a right to repair policy.

Rocky Mountain Recycling's force majeure claim disrupts Utah and Arizona programs

The MRF operator's decision has led some in the region to question whether recycling is worth its ballooning cost. One local government opted for a new deal with Republic Services, while another canceled its program.
