BROUGHT TO YOU BY — Advanced Enviro Systems

You Need Our Self-Contained FL Compactor

The patented BinPak is a front-load container equipped with built-in compaction for either waste or recycling. **Check it out.**

Q&A

Glass Packaging Institute's new president predicts 'rebound' from recycling challenges

Coming off a stint with the plastics industry, Scott DeFife has plenty of ideas about changing the narrative around glass recycling's value as others seek to downplay it.

Federal 'Save Our Seas' bill spurs debate over plastics recycling

More than three dozen environmental groups have come out against a bipartisan marine debris bill that has backing from the plastics industry and recently advanced in the U.S. Senate.

Massachusetts raises 2050 waste reduction target, may expand organics ban

The Department of Environmental Protection's new solid waste master plan draft indicates support for new packaging policies, additional waste bans and future infrastructure as disposal capacity shrinks.

New Jersey judge orders permanent landfill closure, citing 'clear and immediate danger'

The Keegan Landfill, long a source of community ire, was found to have elevated levels of hydrogen sulfide emissions and other issues. Pending an appeal, discussion now turns to capping the site.

As EPA preps coal ash rollback, study finds heightened risks of water, soil contamination

Changes to the federal coal ash rule have been long awaited by the utility industry and environmentalists, but a new Duke University study suggests health risks of the toxins may be greater than previously thought.
